VOLUNTEER POSITION

POSITION: Dairy Health Advisor

PLACE OF ASSIGNMENT: Blantyre, Malawi

LANGUAGE: English

PARTNER ORGANIZATION(S): Uniterra (www.uniterra.org) and the Shire Highlands Milk Producers Association (SHMPA)

DURATION OF PLACEMENT: 1 position: 12 months (flexibility of duration)

TIMEFRAME: Flexible start date

OBJECTIVE OF PLACEMENT: To build animal health capacity of SHMPA staff and their members

BACKGROUND:

SHMPA is a farmers' cooperative that offers support to small-scale dairy farmers in their respective regions in Malawi. They provide their members with veterinary services, training and education, credit facilities as well as milk collection logistics.

VOLUNTEER ACTIVITIES:

- Farmer training: work with field staff on developing training materials and courses on health issues. The focus will be on the prevention and early identification of health problems.
- Farmer Livestock Technicians (FLT)s: work with field staff on the training program for FLT)s. The main areas of work will be:
 - Fertility – determining treatment for problem breeders
 - Disease diagnosis and specimen preparation for further lab analysis
 - Record keeping: providing guidance to FLT)s on record keeping
 - Developing a syllabus and conducting a training program FLT)s – focusing on basic veterinary skills and care of sick animals.
- TB and Brucellosis testing: conduct a survey of prevalence of TB in smallholder cattle and Brucellosis in cattle and dairy goats to determine the distribution to identify herds at most risk.

QUALIFICATIONS

- Degree in veterinary medicine
- Two years of experience working in large animal medicine
- Expertise/background in the dairy sector
- Teaching experience
- Ability to work autonomously
- Ability to work in a rural setting with minimal resources
- Ability to understand cultural differences in social and professional settings
- Experience in international development considered an asset
